Department of Electrical Engineering

Name of the Event: Guest lecture On “Transformer Practical Approach & Latest Protection “

Date: 11/08/2017

Objective: Objective of this lecture was to make the students aware about the practical things about transformer. Also to get the latest technologies which are being used currently.

A guest lecture on “Transformer Practical Approach & Latest Protection” was arranged on 11.08.2017 under the Electrical Engineering Students Association. The resource person for the same was **Mr. Vinay P. Doshi** who is currently working as Additional Executive Engineer in MSETCL, Lamboti, Solapur.

He started the lecture with what is transformer & what are the practical difficulties during handling a transformer in power systems. He also explained different latest technologies in the area of transformer.

Prof. S.P. Ganjewar (HOD Electrical Dept) felicitated **Mr Vinay P. Doshi**. A Vote of thanks was given by Prof. S.S.Rashinkar.

Outcome: Students came to know that how transformer is handled & repaired practically. Also they came to know about the latest technologies used in the area of transformer.
