

“Career Guidance and Counseling for Mechanical Engineering”

Welcome of guest and students by Prof. B.S.Gandhare & Prof. Sham Kulkarni felicitated the guest Er.Hari Dudhankar & introduction of the program.

Mr. Hari Dudhankar is professional from industry with 16 years of Global work exposure including India, USA, Europe, China & Japan. He has completed his master's degree in Design Engineering from BITS Pilani.

His major part of experience is in the area of Automotive from Multi-National Companies. He is known as Industry SME (Subject Matter Expert) in Bearing Technology. Additionally Mr. Hari is known as one of best trainer from Industry. Currently he is working in a multinational conglomerate of the CK Birla Group based in Jaipur.

In his expert lecture he motivated students to love their subject and put their heart to get the best result of their hard work. He gave the

Date- 19th September, 2016

students real life insights by sharing his industry experiences. He even touched on the points how technical and soft skills blended with problem solving attitude and a desire for maintaining high customer satisfaction helps in making a successful carrier in the area of Mechanical Engineering.

It was very exciting and inspiring for all final year students, who got an idea on how to make a successful carrier in the industry. He has given major impact on thought that **“Technical skills may take you to the doorstep but it is your soft skills that will open up the door for you”**.

There was about 180 students attended the lecturer. Session was very interactive and the queries of the students were well answered.

Session ended with thanking notes by Prof.B.S.Gandhare - Expert Lecturer Coordinator. He thanked Er. Hari Dudhankar for his valuable guidance and inspiring students. He has also thanked to all students, Prof.S.S.kulkari, Prof. P.A.Dhavale for giving him a change to share his experiences with SKN students.
